

LEADERSHIP LAKE MARTIN

Leadership Lake Martin is a program designed to develop the leadership potential of our community. The goal is to provide a foundation of knowledge whereby potential leaders can enhance the economic growth and development of Tallapoosa and Coosa counties.

The primary objective is the organization, sponsorship and implementation of an annual leadership development curriculum providing participants an unprecedented opportunity to become keenly aware of the dynamics of the social and economic changes of today and their impact on the Lake Martin area.

The annual program of classes run from September to May. Classes meet for a full day each month. Topics covered include: Team building, Economic Development, Education, Criminal Justice, Healthcare, State Government, City and County Government. In addition, projects are adopted by team groups, and presented to community leaders during graduation.

Former class members are encouraged to join the Leadership Lake Martin Alumni Association. One area of focus is providing Leadership Lake Martin tuition scholarships to people that may need financial assistance.

Applications for Leadership Lake Martin are available each May. The first formal gathering is the kick-off reception held in August. Tuition for Leadership Lake Martin is \$500.00. For additional information, contact the Chamber at 234-3461.
